

Parent Participation Policy

At Harbor View Creative Learning Center, our goal is to work alongside parents. We believe in consistent communication and strive to work together as a team to benefit all the children in our care. Parent communication and involvement are essential to our program and your child's success. We want to ensure that all the families in our program truly benefit from being a part of our Harbor View family.

Parent, guardians, and family will always be welcome in our building. You're welcome to stop by to observe, engage in mealtime, or just to check in. Each parent/guardian is provided with a personal door code upon enrollment, so you will always have access to our building during operating hours.

Throughout the year we will have multiple opportunities for parent involvement, as well as fun family and holiday events.

1. Harbor View Creative Learning Center wants to welcome you to our family. Your presence and involvement will always be welcome.
2. Directors and teachers are always available and happy to discuss specific concerns that you may have regarding your child or our program. We do ask that if a conversation will require more than a moment or so, please give us the opportunity to schedule a time for you to speak with your child's teacher in private. Drop-off and pick-up time are generally not the best time for lengthy conversations with teachers, as it can distract the other students.

Our directors are always available with or without an appointment either in person, by phone, or by email. We want Harbor View Creative Learning Center to be a home away from home for your family. We pride ourselves in forging lifelong connections and relationships with the families in our program. We recognize it takes a village and look forward to being a part of your support system.
